

Young Onset Dementia Group
A monthly club
based in Café 34
Pepper Street
Nantwich

'young onset' dementia is when symptoms develop before the age of 65, usually between 30 to 65 years of age.

If this is you or a member of your family or a friend then this new group is here to support you all.

We aim to help you navigate , provide advice, share experiences along with chat, laughter and good refreshments

Join us in Café 34 every 4th Tuesday of the month from 1.30pm—3.00pm

From 24th January 2023

Supported by

For Further information contact Dawn on 07488285861 or Lynn on 07580097468
